toys = communication tool for kids & parents all over the world.  
kiko+ & gg\* is a minimalist-design wooden toy & gift brand from Osaka, Japan.  
Founded by two Japanese female toy designers, Kaz\* and Nov\*, the company  
has been making eco-friendly toys for 15 years. Working closely with both  
Japanese and international designers, the brand is known for reinventing  
disposable plastic toys into longer lasting wooden creations.  
The items are always created with fun, functionality and design in mind.  
All toys are designed to spark creativity and the child's imagination.

# Kiko+ and Oli & Carol Serve Up Fun Collaboration with New Ramen Bowl Play Set

Hey, there, come on in!

Get ready for the grand opening of our ramen noodle shop!

Load up your bowl with noodles, eggs, Naruto fish cake, and veggies.

Pour in some tasty broth (aka water) and voila - it's noodle time!

Now serving : a special kiko+ x Oli & Carol collaboration item, the Ramen Bowl. A cozy set featuring a kiko+ eco-friendly wooden bowl & chopsticks topped with rubber noodles and play ingredients from Oli & Carol. The rubber used is 100% all-natural, making it safe for both pretend play and sensory experimentation.

い、らっしゃい！

ラーメン屋さん、開店だよ。

麺に卵、ナルト、おやさいものせよう。

スープを注いで、はいできあがり♪

kiko+ と Oli & Carol の待望のコラボが完成！  
ほっこり木の優しさ溢れる kiko+ の木のうつわとおはし、そして Oli & Carol の天然ゴムでできた麺と具材のセットです。石油などから作られる合成ゴムとは違いナチュラルな天然ゴムは、小さな子どもたちにも安心です。ごっこ遊びはもちろん、木とゴム、2つの異なる素材の感触や、おはしの練習も楽しんで。

# OLI&CAROL

Oli & Carol is a brand created by our friends in Spain. They make teething toys and toys from 100% natural rubber. All Oli & Carol products are plastic-free and hand-crafted using only natural raw materials. Unlike other rubber toys, their products are designed without any holes. Since water can't get inside, this makes them stay extra clean and safe for bath and wet play.

スペインのお友達ブランド、Oli & Carol。100%天然ゴムでできた、歯固めやおもちゃを作っているブランドです。Oli & Carol の製品は全て NO プラスチック、天然素材だけを使い、職人の手作業で仕上げています。またゴム製品によくある小さな空気穴がないのも特徴の一つ。お風呂で遊んでも、中に水が入らないので衛生的で安心です。

Kaz\* は、みんながだいすきな、ラーメンのおもちゃをずっと作りたかったの。でもね木は硬いから、どうやって麺を表現しようか悩んでた時に、お友達 Oli & Carol とコラボすることを思いついたよ！お水を使っておままごとできるなんて楽しすぎると思わない？

I have always wanted to make a toy of everyone's favorite - ramen noodles. But wood is hard, so I've wondered how to form the noodles. That's when the idea of collaborating with my friends Oli & Carol came to mind! Plus how cool is it to make your own play ramen at home, using real water!

## Kiko+ x Oli & Carol Collab: Adorable Floating Geometric Shapes for babies!

Babies and toddlers won't be able to resist playing with these squishy, floating blocks, crafted from natural rubber. The quirky alien shapes from kiko+'s UFO toy have magically transformed into Oli & Carol's floating blocks. These squishy stackable shapes are safe for little ones to toss around, squeeze and even use as teething toys. They're extra fun in the bath too!

## A colorful collaboration with renowned Japanese bag brand "IKUTA & Co"

"Randoseru" is a classic backpack style, typically used by elementary school children in Japan. Kaz loves randoseru backpacks very much (she'll always be a kid at heart!) Traditionally, randoseru backpacks came in black (for boys) and red (for girls). But Osaka's famous bag company, Ikuta & Co, had a bright idea: introduce "cute-colored randoseru" backpacks, something totally different to their existing collection. And who better than Kaz\* to add a pop of color? The result of the collaboration? These randoseru models now come in three lively colors, much like a trio of Japanese dango dumplings. Aren't they adorable?

ランドセルって日本独特の KIDS ファッションとも言えるんじゃない？ kaz\* shiomi はランドセルがだいすき！コラボは3カラー。みんなから愛される三色だんごにインスピレーションをもらいました。以前からお付き合いのあった大阪の老舗『生田ランドセル工房』さんから『今までのラインナップにない、CUTE な色のランドセルを作ってみたい』とご相談いただき、今回のコラボが実現しました。詳しくは下の QR コード ([www.kukkia.jp](http://www.kukkia.jp)) から。
