KUKO

For a good start in life

Pour les premiers mois du tout petit, quoi de mieux qu'un cocon douillet transportable partout ? De la chambre au salon, du salon à la maison de vacances... En plus de ses poignées, le couffin KUKO – en mousse et coton biologique – est doté, en option, d'un support en bois naturel et se transforme en un clin d'œil en berceau au doux balancement.

For the first few months of your child's life, what could be better than a cosy cocoon that can be taken anywhere? From the bedroom to the living room, from the living room to the holiday home... In addition to its handles, the KUKO Moses basket – made of foam and organic cotton – is optionally provided with a natural wooden support and can be transformed into a gently rocking cradle in the blink of an eye.

KIMI

My sweet cot...

Conçu sans barreaux, le lit KIMI est un cocon rassurant qui permet au bébé de voir le monde autour de lui. Sécurisant, il évite au bébé de se coincer une jambe ou un bras.

Lorsque l'enfant sera prêt à dormir dans un lit sans protection, le lit KIMI pourra se transformer en lit ouvert dans sa version évolutive.

Designed without bars, this new KIMI bed is a reassuring cocoon which still allows the baby to see the world around him. Moreover, it prevents baby from injuring himself by trapping his leg or arm.

When the child is ready to sleep in a toddler bed, the KIMI can be turned into an open bed in its upgradable version.

KUMI

@Mummy Universe

Le design du KUMI fusionne tradition et modernité. Il conserve le balancement latéral millénaire, délicat mouvement qui aide les bébés à s'endormir, tout en esquisant des lignes minimalistes et contemporaines, notamment grâce aux lacets qui l'entourent, qui lui confère à la fois légèreté et sécurité.

The design of the KUMI merges tradition and modernity. It retains the age-old side-to-side rocking motion that helps babies fall asleep, while at the same time featuring minimalist and contemporary lines, thanks in part to the laces that surround it, making it both light and safe.

LEVO

My first chair...

Doit-on encore présenter le transat LEVO ?
Devenu depuis sa création en 2013 une icône du design
pour bébé.

Cette saison, le LEVO retrouve sa fourrure duveteuse ultra
douce, ainsi que les couleurs intemporelles de coussins
en coton biologique.

*Do we still need to introduce the LEVO bouncer?
Since its creation in 2013, it has become an icon
of baby design.*

*This season, LEVO is back with its ultra-soft fluffy fur
and the timeless colours of organic cotton cushions.*

NOGA

the Design Changing table

Un bel objet que l'on ouvre en un clin d'oeil et qui s'accroche au mur pour gagner de la place !

Lorsque la table à langer NOGA est fermée son design arrondi et trapézoïdal ne laisse personne indifférent. Une fois ouverte, elle offre tout le confort nécessaire et vous permet de ranger les petits soins de bébé sans le quitter des yeux un instant.

A beautiful object that can be opened in a flash and hung on the wall to save space!

When the NOGA changing table is closed, its rounded, trapezoidal design leaves no one indifferent. When open, it offers all the comfort you need and allows you to store your baby's little things without taking your eyes off him for a moment.
